All prospective buyers are to tell about the lifestyle and expectations that would be on the pup. Some questions I have for all homes are:

When did you first become interested in bc's?

How many dogs have you owned in the past 5 years? What breed?

Do you have other pets now?

What type of activities are you planning to do with this puppy?

What is/are your main goal(s) with this puppy?

Do you have a fenced yard? What height is the fence?

Do you have children? If yes, please list number of children and ages.

How do you feel about a spay/neuter contract on the dog you will be purchasing?

When would you start your puppy in obedience class?

Do you have a crate in your home?

Do you have a crate in your vehicle? Do you have a doggy seatbelt?

How would you describe your daily activity level?

What does your ideal bc look like?

How would you define an active dog?

How would you describe an intelligent dog?

Describe the ideal temperament of the BC who would fit perfectly in **your** household\*\*\* VERY IMPORTANT!!.
